

ALFRED JAI R

Senior Media & Content Production Leader | Director | Executive Producer | Creative & Production Strategy | Visual Storytelling | AI-Assisted Filmmaking

ABOUT

Senior media, creative and production professional with **28+ years of experience** across filmmaking, creative direction, screenwriting, executive production, visual storytelling and end-to-end content delivery.

I turn **communication objectives into compelling stories** and carry them from concept to finished visual communication.

Creative-to-Client-to-Execution Leadership — understanding the communication requirement, developing the concept and story, presenting and refining it with stakeholders, translating it into a production strategy, leading execution, supervising post-production and delivering the finished work.

Core capability: Concept → Story → Screenplay → Visual Development → Production → Direction → Post → Delivery → Team → Systems → Scale

Experience spans commercial advertising, TVCs, corporate and institutional films, promotional films, documentaries, VFX/CG-intensive productions, 3D/animation, immersive 360° content and multi-disciplinary production.

Selected work includes an **Advertising Club award-winning PureIT/Unilever film**, Chennai's Amirtha promotional films, a CII Tsunami film, NIE documentary, Shell Emotional Safety film, **20+ national and regional TVCs**, a Tulsyan 3D claymation production involving a **30+ professional 3D team**, and a 360° educational-institution film.

Current practice extends this production-grounded creative experience into **AI-assisted visual development and filmmaking**, using tools including Google Flow/Veo, Nano Banana Pro, Higgsfield, Seedance, Kling, Storyboard Studio and Google AI Studio.

Storyteller — narrative, emotion and visual communication. **Director** — performance, image, movement and cinematic language. **Producer** — execution, resources, teams and delivery.

EXPERIENCE
